Albi Inner City Division Prepares for First New Home Possession

CALGARY, ALBERTA, October 15, 2009 – With the launch of Albi Homes' Inner City Division only months in the passing, the Calgary luxury home builder is proud to announce their first new home possession for the division which will take place in the community of Altadore on October 15th.

William Tribe and Natasha Nuttall will take possession of their custom built Albi home on Thursday morning following months of watching their dream home being crafted. The couple first approached Albi Homes last fall after exploring their housing options and having heard about the impending launch of the new Inner City Division. Already living in a community they loved and with a baby on the way, the couple was in agreement to remain on their current homesite in Altadore to grow and raise their family. And so began their building experience with Albi Homes.

"One of the main reasons we love the inner city is because of its mature neighborhoods and trees, a lot of parks nearby and the lot sizes within the inner city," commented William Tribe, "plus with all of the re-development happening, the houses around us are all unique." In addition to this, William and Natasha have found the location of the community to be the ideal proximity to downtown allowing for a quick commute and easy access to major roots.

Lewis Pfeifer, Infill Operations Manager with Albi Homes has been working closely with the Tribe's from inception and throughout the building process. "As our first project, the Tribe's home in Altadore was completed in 6 1/2 months and has set a new standard for inner city construction in terms of duration, quality and customer service." remarked Pfeifer.

And, with daily inquiries into inner city opportunities with Albi Homes, and more customers currently going through the process, Pfeifer anticipates ongoing customer satisfaction of his division. "Albi's Inner City Division continues to garner considerable interest from people wanting to relocate to or re-develop their current properties in the inner city," commended Pfeifer. "The 'Albi' brand has been and is recognized for unsurpassed quality and exceptional service and when meeting with prospective customers this continues to be one of the main reasons they want to work with Albi."

Albi's next Inner City home building opportunity is slated for the community of Sunnyside in early 2010.

Founded in 1982 by founder Tom Mauro, Albi Homes Ltd. triumphantly celebrated their 25th anniversary in October 2007. Albi currently builds in six communities throughout Calgary including Aspen Hills, Auburn Bay, Cranston Exclusives, Cranston Estates, Estates of Elgin Village in McKenzie Towne and Tuscany Hillside Estates.
